Lucia Escaladora was the second PRE mare we imported from Australia as a rising 3 year old. She has been an excellent broodmare, easy breeder and caring mother for her foals. She has produced some outstanding foals with our foundation stallion Farino, all of which have excelled during EQUIPRE 2006, having been awarded high points for type and excellent top lines, resulting in one Championship and one Reserve Championship.
In December 2005 Lucia Escaladora was sold to Taupo Lavender Farm to continue her valuable contribution as a top class broodmare.
